Exercise 5

How do I make a picture as a background on my web pages?

Code:

```
<!doctype html>
<html>
<head>
<title>picture as a background</title>
</head>
<body>
<body background="D:\OneDrive\Desktop\pp\world-enviornment-mother-earth-with-natural-green-background-generative-ai_780587-410.jpg">
</body>
</html>
```

Output:
